

Race Licence at TKZ Events

From Round 3 of both the Northern and Southern TKZ Regional Championships, in order to participate, all competitors will need to obtain a Motorsport UK RS Clubman Licence.

This requirement is due to the fact that TKZ race meetings (from Round 3 onwards) will be run under a Motorsport UK permit. It is a requirement that all competitors have a Motorsport UK RS Clubman licence as a minimum.

Without a valid 2023 RS Clubman licence (as a minimum), drivers will not be able to take part in TKZ race meetings, so it is essential that this process is completed for all participating drivers.

The RS Clubman licence is free of charge and application is via an online process on the Motorsport UK website that takes about 5 minutes to complete.

If you already have a valid 2023 RS Clubman, Kart National A, Kart Interclub or a Motorsport UK car racing licence, you do **not** need an RS Clubman licence.

The online application process is a bit tricky, so please read the following guide before applying for your RS Clubman licence.
